Summer Education Camps 2017

Kids On Campus! Teens On Campus!

Temple University has been offering summer camps for more than 25 years at our convenient Ambler suburban campus. This year, we are excited to bring our camps to Temple's Main Campus and the Center City campus! All camps are available to youth between the ages of 8 and 17, during the months of June, July and August. Most camps are one-week, full-day camps from 9 a.m. to 4 p.m., however some shorter camps and longer camps are available. In addition, camps with a residential component are also available.

Temple University Summer Camps provide a wonderful opportunity for youth to learn about a specific area of interest, experience a college campus and have lots of fun at the same time. Camp sessions will be offered at **Temple University Ambler** (580 Meetinghouse Road, Ambler, PA), **Temple University Main Campus** (1801 N. Broad Street, Philadelphia, PA) and **Temple University Center City** (1515 Market Street, Philadelphia, PA).

Camps for 2017 include:

- Ev3 Lego Mindstorms Robotics
- American Girl Doll Camp
- App Attack
- Create Your Own Cartoons and Comics
- Film and TV Camp
- Gamemaker
- Geocaching
- Interior Design
- Lego Mindstorms NXT Robotics
- Minecraft Designers
- Music and Voice Production
- SeaPerch Robotics

And much more!

TUA Campus: Pages 3 to 12
Main Campus: Pages 13 to 16
TUCC Campus: Pages 17

For more information about Temple University Summer Camps, call the Office of Non-Credit and Continuing Education at **267-468-8500** or email us ncregistrar@temple.edu.

Summer Camps Offered at Temple University Ambler (TUA)

580 Meetinghouse Road,
Ambler, PA 19002

WEEK OF JUNE 19, 2017

(Fri., June 23)

Babysitting Training Camp (Ages 11 to 15)

Like every other important job, babysitting takes skill and hard work. In this American Red Cross Babysitter's Training camp, boys and girls learn all of the ins and outs of being successful babysitters. Discover all of the tricks of the trade, including safety and security, first aid basics, age-appropriate play and activity planning, and effective child management.

Instructor: Staff, American Red Cross

Fri., June 23, 9 a.m. to 4 p.m.
\$125 • TUA

NOTE: No discounts apply to this camp.

WEEK OF JUNE 26, 2017

(M-F, June 26 to 30)

American Heart Association Heartsaver CPR AED and First Aid (Ages 11 to 15)

This camp covers cardiopulmonary resuscitation (CPR) and choking relief for adults, children, and infants. Campers will also learn how and when to use an automated external defibrillator (AED). In addition, the Heartsaver First Aid teaches critical skills needed to respond to and manage first aid emergencies in the first few minutes until emergency medical services (EMS) arrives.

Participants will receive an American Heart Association two-year certification card upon successful completion.

Instructor: Amanda Gehringer, EMT-B

Owner and BLS Instructor, Precious Minutes CPR & Safety Training, LLC

Mon., June 26, 9 a.m. to 4 p.m.
\$125 • TUA

NOTE: No discounts apply to this camp.

Gamemaker (Ages 12 to 16)

Impress your friends by learning how to make video games using the Gamemaker software. You will begin creating games almost instantly with a simple drag and drop interface. Create multi-level arcade games through a systematic process. Bring a flash drive to camp. Suitable for girls and boys who have critical thinking skills and enjoy working on a computer.

Instructor: Eileen Spaniak Teacher, Chichester High School
9 a.m. to 4 p.m. • \$315 • TUA

Shoot for the Stars: Teen Leadership (Ages 13 to 17)

This camp is designed for enthusiastic teens who are interested in developing leadership skills, realizing their potential, and developing a sense of purpose. Through hands-on activities, you will discover what leadership entails, learn the necessary skills to be a good leader, and identify your strengths. See how you can make a difference locally and nationally and practice being a good leader.

Instructor: Lauren Bullock, MS Leadership Development Program

Director, Temple University
9 a.m. to 4 p.m. • \$315 • TUA

LEGO® Mindstorms™ NXT Robotics for Beginners (Ages 10 to 14)

Discover the LEGO® Mindstorms™ NXT Robotics kit to create incredible robot inventions. Learn to combine LEGO® pieces, motors, sensors and computer software to create moving robots that react to light, avoid obstacles and do all sorts of amazing things! Campers will work in cooperative learning groups.

Instructor: Andrew Hollstein Teacher, North Penn School District

9 a.m. to 4 p.m. • \$325 • TUA

NEW Bookmaking and Publishing (Ages 8 to 12)

Attention story lovers! Discover the principles of what makes a great story and how to put your stories together. Learn how to use dialogue and publish your book at the end of camp. This is a great introduction to the world of writing for any budding novelist!

Instructor: Matt Mullen Teacher, Archbishop Ryan
9 a.m. to 4 p.m. • \$315 • TUA

NEW Awesome Artists (Ages 8 to 12)

Explore the wonderful world of art through use of an array of mediums. Create, design and learn in an artful way. Create life-size drawings, learn to paint, sculpt, and design through the art of collage, and much more!

Instructor: Staff
9 a.m. to 4 p.m. • \$315 • TUA

SUMMER CAMPS 2017

Take a Dive (Ages 8 to 12)

Dive into the world of marine biology and oceanography! Campers will dissect a real shark, participate in a fisherman's challenge, examine the anatomy of a fish, learn the ancient technique of gyotaku or "fish rubbing", learn to survive at sea with a homemade solar still, and make your own submarine. In addition, you will come face-to-face with some unique sea creatures, complete a squid dissection, and examine many weird wonders that live under the sea and much more! Note: This is a 4-day camp session.

Instructor: Staff, Science Explorers

M-Th., June 26 to 29

9 a.m. to 4 p.m. • \$355 • TUA

NOTE: No discounts apply to this camp.

NEW

App Attack! (Ages 8 to 10)

Take the first steps into the world of mobile app design and customize your own game app! Using a specialized app & game development tool, students will explore the world of web-based (HTML5) mobile apps. In addition, you will discover how the world of App publishing functions. Student-created apps will be accessible on a private site and can be played on any mobile device or computer. Publishing to App Stores not included. No prior experience is necessary. Students will work in pairs or teams.

Instructor: Staff

9 a.m. to 12 p.m. • \$195 • TUA

NEW

Code Breakers (Ages 8 to 10)

Calling all future coders, programmers, & designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges each day and be on your way to becoming the next tech star! Whether you want to be the next Mark Zuckerberg or the high school student who just made \$1 million dollars for programming in his bedroom, this camp has the essentials you need to begin your journey. Projects will be available on a website to share with friends and family. Students will work in pairs or teams.

Instructor: Staff

1 to 4 p.m. • \$195 • TUA

WEEK OF JULY 3, 2017

(W-F, July 5 to 7)
(No camps July 3 and 4)

NEW

Make Your First Video Game! (Ages 8 to 10)

Learn to make your video game in this one-of-a-kind class that shows you the keys to designing your first 2D platformer game. Conceptualization, play experience, level design, graphics, sounds, and simple coding are just some of the concepts that we'll explore. No prior experience necessary, just a desire to have fun. Student created games will be available on a password protected website to share with friends and family (games are only compatible on PC computers). Students will work in pairs or teams for most of the program.

Instructor: Staff

9 a.m. to 4 p.m. • \$215 • TUA

NEW

Percy Jackson and the Olympian Series (Ages 10 to 14)

Explore the world of Percy Jackson and the Greek mythology! We will focus on the first two novels in the series *Percy Jackson and the Lightning Thief* and *Percy Jackson and the Sea of Monsters*. Campers will participate in a variety of activities based on ancient Greek mythology and each of the novels. On the last day, campers will enjoy a party with trivia and Greek style snacks and are encouraged to dress up as their favorite character from the books.

Instructor: Jami Hill

Elementary Education Major and Greek Mythology Enthusiast

9 a.m. to 4 p.m. • \$185 • TUA

Keep Calm and Get Crafting! (Ages 8 to 12)

Discover your inner artist! This camp is all about creating your own wearable art pieces and incredible crafts to decorate your room. Create various jewelry, hair accessories, bags, purses and more using magazines, metal, buttons and fabric. Also, decorate your room with coasters, picture frames and other artwork that can be displayed using recycled goods.

Instructor: Staff

9 a.m. to 4 p.m. • \$185 • TUA

NEW

Mix It Up – Wacky World of Science (Ages 8 to 12)

Join us for a fun-filled week of science! Each day, we'll explore a different topic including Kitchen Chemistry, Roc Docs (Geology) and Forensics.

Instructor: Staff, Science Explorers

9 a.m. to 4 p.m. • \$275 • TUA

NOTE: No discounts apply to this camp.

NEW

FSI: Hungry for Heist (Ages 8 to 12)

The most valuable artifact on campus, the cookie jar, has been broken and its contents have gone missing! This classic case of who-done-it, mixed with a game of cat and mouse will keep campers on their feet until the vandalizing thief is caught! Junior Forensic Investigators are invited to follow a trail of clues for an exciting build of case through gathering evidence. Fingerprint dusting, ink chromatography, hair analysis and cracking the DNA code all point the finger at the pottery perpetrator.

Instructor: Staff, Temple University College of Science and Technology

9 a.m. to 4 p.m. • \$225 (plus \$20 materials fee) • TUA

WEEK OF JULY 10, 2017

(M-F, July 10 to 14)

NEW FORMAT!

FSI: Forensic Science Goes to Court (Ages 13 to 17)

A burning car, multiple missing persons, dry bank accounts and suspects galore – this murder mystery is not for the faint of heart. Campers will participate in laboratory techniques commonly used in the forensic industry, as well as examine a mock crime scene. The accumulation of evidence through drug analysis, blood spatter examination, fire debris composition testing and other practices take part over a two weeks of investigation. Both weeks are encouraged for the full experience. Week 1 campers conclude their initial investigation by acting as the Grand Jury by establishing probable cause and screening criminal indictments.

Week 2 campers continue to strengthen their case and finish with criminal sentencing in a mock trial where the accused face their accusers. Will the deceased receive justice? Or will the suspect be released by lack of evidence? You decide.

Instructor: Staff, Temple University College of Science of Technology

**Week 1 only
July 10 to 14**

9 a.m. to 4 p.m. • \$425 (plus \$20 materials fee) • TUA

**Weeks 1 and 2
July 10 to 21**

9 a.m. to 4 p.m. • \$625 (plus \$20 materials fee) • TUA

NEW

Color Your Summer! Interior Decorating for Teens (Ages 13 to 17)

Are you looking to redecorate your room? Perhaps you're considering a future career in Interior Design. In this camp, you will learn about color harmony and coordination and the elements and principles of design. Create a design journal and make fun projects for your room, living room or other places in your home.

**Instructor: Beth Conley
Teacher, Chichester High School
9 a.m. to 4 p.m. • \$315 • TUA**

NEW

Ev3 Beginner Robotics Lego Camp (Ages 10 to 14)

Learn to build, program and modify a Lego Mindstorm Ev3 Robot! During the week, campers will work in teams to create a Lego Ev3 robot designed to carry out missions and compete in unique competitions.

**Instructor: Andrew Hollstein
9 a.m. to 4 p.m. • \$375 • TUA**

Harry Potter: Calling All Muggles (Ages 8 to 12)

Unlock the Chamber of Secrets to the Wizarding World of *Harry Potter*. Discover the magic of "The Boy Who Lived" through fun and challenging book discussions, trivia, games, herbology classes, and more. Step outside the classroom to learn and practice Quidditch. New to the world of Harry Potter? Fear not; an overview of the series will be given, allowing witches and wizards of all levels to participate.

**Instructor: Elise Woods, Editorial Assistant, Pearson VUE
9 a.m. to 4 p.m. • \$315 • TUA**

CompuKids (Ages 8 to 12)

What's the difference between bits and bytes? Are you interested in software and hardware? Receive an introduction to the world of computers and the various programs that can assist you in making these tasks easier! Write a report or story using Word. Produce a presentation with PowerPoint. Learn to record and calculate data with Excel. Explore math and reading games on the internet.

**Instructor: Kate Paquette
Teacher, Chichester School District
9 a.m. to 4 p.m. • \$315 • TUA**

SUMMER CAMPS 2017

Fairy Tale Mock Trial (Ages 8 to 12)

Brothers Grimm, Grimm and Andersen is the best law firm in the fairy tale realm, and represents some of the most memorable court cases; *The Genie vs. Aladdin, Cinderella vs. the Stepmother, The King vs. Puss in Boots*. Join their legal team and take on different roles in our daily trials. Prepare your legal arguments, opening statements, and witness questions. Will you play Puss in Boots or prove his innocence? Will you prove that Jack stole the golden harp, or save Rapunzel from the witch Gothel? This is a fun way to develop and practice the ability to speak in front of a group, as well as to understand an argument and defend your side.
Instructor: Betty Ohanian
9 a.m. to 4 p.m. • \$315 • TUA

NEW App Attack! (Ages 11 to 14)

Take the first steps into the world of mobile app design and customize your own game app! Using a specialized app & game development tool, students will explore the world of web-based (HTML5) mobile apps. In addition, you will discover how the world of App publishing functions. Student-created apps will be accessible on a private site and can be played on any mobile device or computer. Publishing to App Stores not included. No prior experience is necessary. Students will work in pairs or teams.
Instructor: Staff
9 a.m. to 12 p.m. • \$195 • TUA

NEW Code Breakers (Ages 11 to 14)

Calling all future coders, programmers, & designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges each day and be on your way to becoming the next tech star! Whether you want to be the next Mark Zuckerberg or the high school student who just made \$1 million dollars for programming in his bedroom, this camp has the essentials you need to begin your journey. Projects will be available on a website to share with friends and family. Students will work in pairs or teams.
Instructor: Staff
1 to 4 p.m. • \$195 • TUA

WEEK OF JULY 17, 2017

(M-F, July 17 to 21)

Creative Writing for Teens (Ages 13 to 17)

Express your thoughts in short stories, poetry, personal essays, and other genres in our fun, supportive atmosphere, designed to bring out your style! Learn from each other's work and receive feedback from the instructor. Bring a flash drive, your ideas, energy and creativity!
Instructor: Matt Mullen
9 a.m. to 4 p.m. • \$315 • TUA

SeaPerch Robots (Ages 10 to 14)

2-week camp session
SeaPerch is an innovative underwater robotics program. Working in groups, you will build an underwater Remotely Operated Vehicle (ROV) while learning about robotics, engineering, science and mathematics (STEM). Building a SeaPerch ROV teaches the basics of ship and submarine design and encourages students to explore naval architecture and marine and ocean engineering. Teams will test their robots, competing in multiple challenges in the campus pool (campers do not need to get in the pool; no swimming abilities are required).
Instructor: Staff, Temple University College of Science and Technology
9 a.m. to 4 p.m. • \$575 • TUA (+ \$20 comp. lab fee)

NOTE: This is a 2-week camp session from July 17 to 28.

Solve This! (Ages 10 to 14)

Campers will learn about and apply problem solving abilities in order to solve a various number of problems. Campers will have the opportunity to work on individual projects as well as work as part of a team in order to solve these problems within a limited time period. Have fun while building a sturdy model bridge or constructing a crash proof car and participate team building activities that will engage you both physically and mentally.
**Instructor: Kyle Badman
Graduate Student, Marywood University**
9 a.m. to 4 p.m. • \$315 • TUA

Film and TV Camp (Ages 8 to 15)

Are you interested in acting? Would you like to work behind the scenes as a camera operator, director or a special effects creator? Learn basic and advanced levels of acting for film, television, commercials, news anchoring and even music videos! Learn about camera operation, shot setup, script writing and more. Discover the wide variety of careers available in film and TV.

Instructor: Staff, Wickline Casting

9 a.m. to 4 p.m. • \$325 (+ \$20 materials fee) • TUA

NOTE: No discounts apply to this camp. Orders will be taken for professionally edited DVDs available for purchase.

Gamemaker (Ages 10 to 12)

Impress your friends by learning how to make video games using the Gamemaker software. You will begin creating games almost instantly with a simple drag and drop interface. Create multi-level arcade games through a systematic process. Bring a flash drive to camp. Suitable for girls and boys who have critical thinking skills and enjoy working on a computer.

Instructor: Eileen Spaniak
9 a.m. to 4 p.m. • \$315 • TUA

Create Your Own Comics and Cartoons (Ages 8 to 12)

Instead of watching cartoons on Saturday morning, learn techniques to create your very own! Explore how to invent characters and develop a storyline. Learn to apply different drawing techniques so you can illustrate your comic strip or cartoon. Concentrate on facial expressions, drawing unique characters, writing letters in bubbles, and illustrating perspective and

space. An active imagination is a must for this camp!

Instructor: Staff
9 a.m. to 4 p.m. • \$315 • TUA

Exploring Science (Ages 8 to 12)

Can you make a square bubble, or bounce an egg? Can you make a superball out of glue? Yes, you can! Make a film canister rocket that can fly two stories high and create an egg capsule to protect it as it is dropped off the second floor balcony. Design a roller coaster for a marble. This and much more! Come explore the amazing world of science!

Instructor: Darlene Wenhold
Retired School Teacher
9 a.m. to 4 p.m. • \$315 • TUA

NEW Minecraft™ Modders (Ages 11 to 14)

Use your favorite game to learn the basics of modding and foundations of programming. Learn scripting and logic statements as you create your first mods! Introductory coding will also be taught through a simulated environment inspired by Minecraft. Student projects will be available on a password protected website to share with friends and family. To access their project at home students must own a PC/MAC version of Minecraft. Tablet, phone, and game console versions of Minecraft are not compatible. Students will work in pairs or teams.

Instructor: Staff
9 a.m. to 12 p.m. • \$195 • TUA

NEW Minecraft™ Designers (Ages 11 to 14)

If you love the game Minecraft, and always wanted to design your own world, this class is for you! Learn how to create a custom map, the basics of creating 3D models using a new software to design your very own objects, how to build with Redstone and Command blocks, and create custom textures for you to import at home or share with friends. To access their project at home students, must own a PC/MAC version of Minecraft. Students will work in pairs or teams.

Instructor: Staff
1 to 4 p.m. • \$195 • TUA

WEEK OF JULY 24, 2017

(M-F, July 24 to 28)

Music and Voice Production Camp (Ages 13 to 17)

Discover the amazing world of the recording industry. Develop your skills in songwriting, music recording, voice-overs and audio equipment operation. Create your own songs and voice scripts and work as both talent and/or crew on fun projects such as voice commercials, TV and radio announcements and even recording your very own hit song! This camp was created by two-time Grammy Nominated Music Producer, James Cravero.

Instructor: Staff, East Coast Recording Co.
9 a.m. to 4 p.m. • \$325 (+\$35 materials fee) • TUA

NOTE: No discounts apply to this camp. Campers will receive one audio CD with all of their camp recordings.

SUMMER CAMPS 2017

Leadership and Service Experience for Teens (Ages 13 to 17)

Youth who actively engage in community service and take on leadership roles at school and in their communities make a real difference and contribute to a better world. During this one-week experience, students will participate in community service projects that can help fulfill graduation requirements as well as provide a great way to boost your college application. You will also learn how to build leadership skills, define your personal goals, and develop the tools necessary to achieve your goals. Start thinking about your future and what lies ahead after graduation.

Instructors: Wanda Lewis-Campbell, Ed.D. Assistant Dean for Student Life, Temple University Ambler and Michelle Morales-Whiting Finance and Operations Coordinator, Temple University Ambler
9 a.m. to 4 p.m. • \$325 • TUA

Webmasters: HTML and Dreamweaver (Ages 10 to 14)

Learn how to design and build multimedia rich Web pages using HTML. Topics include the dos and don'ts of Web design; how to format text; add color, backgrounds and graphics. Then, discover a set of tools for creating websites using Adobe Dreamweaver. Campers should bring headphones and a flash drive to show off your personal web site and a creative mind. Basic computer experience is required.

Instructor: Staff
9 a.m. to 4 p.m. • \$315 • TUA

Take the Stage! (Ages 10 to 14)

Putting on a play is more than just costumes, applause and stage bows. This camp provides a chance for youths to get their feet wet with theater. Learn what an audition is like and walk through a mock audition. Play theater games that develop confidence and build improv skills. You'll learn monologues and short scenes and choose a piece to perform for parents at the end of the week. Anyone who has an interest in theater is encourage to attend this camp. No experience necessary.

Instructors: Emily McVittie-Phillips, Temple University Education Graduate
9 a.m. to 4 p.m. • \$315 • TUA

Creative Writing (Ages 8 to 12)

Express your thoughts in short stories, poetry, personal essays, and other genres in our fun, supportive atmosphere, designed to bring out your style! Learn from each other's work and receive feedback from the instructor. Bring a flash drive, your ideas, energy and creativity!

Instructor: Matt Mullen
9 a.m. to 4 p.m. • \$315 • TUA

NEW Minecraft™ Modders (Ages 8 to 10)

Use your favorite game to learn the basics of modding and foundations of programming. Learn scripting and logic statements as you create your first mods! Introductory coding will also be taught through a simulated environment inspired by Minecraft. Student projects will be available on a password protected website to share with friends and family. To access their project at home students must own a PC/MAC version of Minecraft. Tablet, phone, and game console versions of Minecraft are not compatible. Students will work in pairs or teams.

If you love the game Minecraft, and always wanted to design your own world, this class is for you! Learn how to create a custom map, the basics of creating 3D models using a new software to design your very own objects, how to build with Redstone and Command blocks, and create custom textures for you to import at home or share with friends. To access their project at home students, must own a PC/MAC version of Minecraft. Students will work in pairs or teams.

Instructor: Staff
1 to 4 p.m. • \$195 • TUA

WEEK OF JULY 31, 2017

(M-F, July 31 to August 4)

Screenwriting and Moviemaking for Teens (Ages 13 to 17)

2-week camp session

Attention all movie lovers! Join us for a 2-week camp and discover how to put together a screenplay, from the basics of structuring your story to finalizing your masterpiece. Learn about character development, how to create storyboards, and more. In the second week, campers will work in teams to film some of the scripts, edit the footage, and take home a digital copy of the film!

Instructor: Matt Mullen
9 a.m. to 4 p.m. • \$525 (+ \$20 materials fee) • TUA

NOTE: This is a 2-week camp session from July 31 to August 11.

GeoCaching (Ages 13 to 17)

Geocaching is a worldwide treasure hunt that utilizes a handheld GPS unit, a good set of eyes and a bit of hiking. It's a real-life adventure game where puzzles and challenges await you at each turn. Experienced staff will guide you as you learn how to use GPS for geocaching, explore the outdoors as you search for hidden containers, and design your own geocaching course.

Instructor: Staff, GeoVentures Inc.
9 a.m. to Noon. • \$185 • TUA

**Register for both camps (morning and afternoon) offered in partnership with GeoVentures and receive a \$10 discount, per camp. No additional discounts apply to this camp.*

Wilderness Survival Camp (Ages 13 to 17)

Have what it takes to be an outdoor survivor? Discover the world of wilderness survival using ancient skills and modern tools. Campers are challenged to build natural shelters, are introduced to outdoor navigation and signaling, learn how to pack for adventures with their families, and practice the secrets of invisibility and stealth. Skills are woven into each day camp storytelling, discussions, and team challenges. Each day will include hands-on activities, discussion and a team activity.

Instructor: Staff, GeoVentures Inc.
1 to 4 p.m. • \$185 • TUA

**Register for both camps (morning and afternoon) offered in partnership with GeoVentures and receive a \$10 discount, per camp. No additional discounts apply to this camp.*

SeaPerch Robots: Level II (Ages 10 to 14)

Prerequisite: SeaPerch Robots I camp or participation in a school-based robotics program

This advanced camp incorporates various technologies into the construction and competition of your SeaPerch. Working in groups, you will build an underwater Remotely Operated Vehicle (ROV) while learning about robotics, engineering, science and mathematics (STEM). Teams will test their robots, competing in multiple challenges in the campus pool (campers do not need to get in the pool; no swimming abilities are required). Prizes will be awarded based on design, planning and competition skills.

Instructor: Staff, Temple University College of Science and Technology
9 a.m. to 4 p.m. • \$575
(+ \$20 comp. lab fee) • TUA

NOTE: This is a 2-week session from July 31 to August 11.

Lego® Mindstorms™ NXT Robotics: Robot Battles (Ages 10 to 14)

Prerequisite: Lego Mindstorms NXT Robotics for Beginners, or equivalent experience

Join us for some intense head-to-head competitions, but we will not destroy each other's robots as you see in typical "battle bots." Competitions will include battles like Sumo Robots and Robot Jousting. Campers will learn more advanced building and programming while coordinating with other teams.

Instructor: Andrew Hollstein
9 a.m. to 4 p.m. • \$345 • TUA

Introduction to Photoshop CS6 (Ages 10 to 14)

Artists, photographers, and designers rely on Adobe Photoshop for top-notch image creation and editing. Discover the most effective ways to use Photoshop. Topics will include understanding the Photoshop work-space, re-sizing, rotating and cropping images, correcting color, retouching images, and more. Campers will have opportunities to work with their own existing photos or capture new ones for use in their projects.

Instructor: Staff
9 a.m. to 4 p.m. • \$315 • TUA

SUMMER CAMPS 2017

Drawing Dynamics (Ages 8 to 12)

Unleash your imagination through art! The fundamentals of shape, design and composition will be covered through the use of pencils, pastels and charcoal. Take these skills and warp them to match your very own imagination and personality.

Instructor: Staff

9 a.m. to 4 p.m. • \$315 • TUA

ALL NEW DOLLS!

American Girl Doll Camp (Ages 8 to 12)

Travel through history with your favorite American Girl doll! You and your doll will enjoy a week complete with crafts, scrapbooking, games, creative writing activities and more! We'll focus on specific historic periods reflective of some of the American Girl dolls in order to discover what life was like growing up during those times. From Felicity to Josefina to Samantha to Kit, you can expect everything from delightful tea parties to historical and literary fun that will last throughout the ages! The week will conclude with a tea party perfect for girls and their dolls.

Instructor: Kate Tiedeken

9 a.m. to 4 p.m. • \$315 • TUA

NEW

Potions, Powders and Polymers (Ages 8 to 12)

Is it science or magic? Create erupting foam monsters, conduct amazing air pressure experiments, dig for hidden treasures, and investigate the science of illusions. We'll also reveal many mysteries of science as we investigate creepy creatures, learn troll tricks, capture a rainbow in a bottle, conduct lab test, and much more!

Instructor: Staff, Science Explorers
9 a.m. to 4 p.m. • \$355 • TUA

NOTE: No discounts apply to this camp.

WEEK OF AUGUST 7, 2017

(M-F, August 7 to 11)

Debate for Teens: The Art of Arguing (Ages 13 to 17)

Do you want to learn how to better express your oral thoughts and ideas? This camp will explore arguing in a civilized way. Students will learn how to research and create a well-thought-out argument. You will also learn how to be persuasive when orally presenting the information. Debate topics can be picked on a wide scale and the debate process will be taught and executed within the camp.

Instructor: Betty Ohanian

9 a.m. to 4 p.m. • \$315 • TUA

NEW

Sphero Robots (Ages 10 to 14)

Discover an exciting new camp that will introduce you to the world of robotics and programming. Sphero Robots are very unique! You can drive them around like remote control car on grass, roads, in the pool, and almost any surface! They can perform jump tricks like a skateboard. The Sphero is also a game, where you can play tag, golf and fight virtual zombies on your phone with the robot. Campers will complete challenges with a Sphero robot and a mobile device. Campers must have their own mobile device (smartphone or tablet) that can access either the Apple iStore, or the Android App Store.

Instructor: Andrew Hollstein

9 a.m. to 4 p.m. • \$425 • TUA

Fee includes the cost of the Sphero Robot for campers to take home at the end of the camp session.

Film and TV Camp (Ages 8 to 15)

Are you interested in acting? Would you like to work behind the scenes as a camera operator, director or a special effects creator? Learn basic and advanced levels of acting for film, television, commercials, news anchoring and even music videos! Learn about camera operation, shot setup, script writing and more. Discover the wide variety of careers available in film and TV.

NOTE: No discounts apply to this camp. Orders will be taken for professionally edited DVDs available for purchase.

Fashion & Machine Sewing Camp (ages 9 to 14)

Whether you have a budding fashionista that craves to make her own trendy dress with her own sense of style or a crafty kid interested in learning how to create a one-of-a-kind purple unicorn, then this camp for you! With a plethora of on trend sewing patterns to choose from and bolts and bolts of tempting fabric and material, every camper will have ownership in what they choose to make. Instructors will work with all campers to ensure that they are being taught the necessary and appropriate skills. Skills range from learning how to use the sewing machine to measuring, pinning, cutting and then putting patterns together. Gain confidence and ownership in whatever you create! All supplies, fabrics and materials are included.

Instructor: Staff, The Handwork Studio

9 a.m. to 4 p.m. • \$485 • TUA

NEW

**Handwork Camp
(Ages 8 to 12)**

Explore the world of needle-arts. During this workshop, campers will have fun sharing stories and laughs while working on a wide array of unique projects. Campers will learn useful skills such as, hand-sewing, embroidery, knitting, weaving, needle-felting and much more! Campers are always free to express themselves and are enveloped in creativity and fun. Whether refining skills or learning brand new ones, this camp is sure to delight! All supplies, fabrics and materials are included.

Instructor: Staff, The Handwork Studio
9 a.m. to 4 p.m. • \$445 • TUA

**History through Board Gaming: Modern Warfare
(Ages 8 to 12)**

Discover more about a series of strategy games recreating decisive battles fought during World History. These board games include but are not limited to, Stratego, Risk, Confusion, and Battle Cry. These are easy-to-learn board games in which players use their wit and skills to conquer enemies and occupy territory. Each day will feature a different battle from critical moments in World History. Campers will then have the opportunity to recreate or even modify the strategies they learned on their own “fields of battle”. The games featured in this camp are intended to be played on an introductory-level suitable for beginning gamers who are also interested in history.

Instructor: Darlene Wenhold
9 a.m. to 4 p.m. • \$315 • TUA

NEW

**Beyond the Pages Book Club
(Ages 10 to 12)**

Summertime! Time to play, explore, learn life lessons, and enjoy yourself! All which can be found between the pages of Temple Ambler’s Book Club Camp. We will explore different genres and participate in hands-on activities that make up this interactive week! Camp also includes shared and personal reading time, thoughtful discussion and focused art projects.

Instructor: Deanna Form Tutor and Substitute Teacher
9 a.m. to 4 p.m. • \$315 • TUA

**WEEK OF
AUGUST 14, 2017**

(M-F, August 14 to 18)

**Interior Design for Teens in Mind
(Ages 13 to 17)**

Discover more about the Interior Design industry. Learn the fundamentals of design and layout, how to create a floor plan and basic furniture arrangement. Choose a room that you want to focus on and create a design board geared to your individual decorating styles and preferences.

Instructor: Marie Dantonio Teacher, Chichester High School
9 a.m. to 4 p.m. • \$315 • TUA

NEW

**Make Your First 3D Video Game!
(Ages 11 to 14)**

Discover how to develop a game concept that goes well beyond the limitations of the traditional 2D game design classes and create an immersive 3D world. Campers will learn the physics behind 3D games, explore beginner event scripting, level design, controlling flow of gameplay, and storytelling. Student created games will be available on a password protected website to share with friends and family. Students will work in pairs or teams.

Instructor: Staff
9 a.m. to 12 p.m. • \$195 • TUA

NEW

**Minecraft™ Animators
(Ages 11 to 14)**

Bring your favorite Minecraft characters to life in an animated short film! Learn how studios like Pixar and Disney make movies like Inside Out and Frozen by using techniques like keyframing, tweening, texturing, and animating rigged 3D models! Student projects will be available on a password protected website to share with friends and family. You do not need to own a Minecraft account to use the software in this class. Students will work in pairs or teams for most of the program.

Instructor: Staff
1 to 4 p.m. • \$195 • TUA

SUMMER CAMPS 2017

Passion for Painting (Ages 10 to 14)

Take a creative journey and develop your painting skills. Learn step-by-step how to break down shapes to create a larger image, techniques of brushes and application of paint, and basics of color theory and mixing. Create and take home your finished paintings and leave with the knowledge that will allow you to continue painting on your own. All painting supplies and materials are included in the camp.

**Instructor: Janice Truskey
Professional Artist and Art
Instructor**
9 a.m. to 4 p.m. • \$335

What's the Problem? (Ages 8 to 12)

Learn to solve various problems using your creativity. Working in teams, campers will be given a task and specific items, but limited time to complete the task. Learn how to communicate with each other by sharing ideas on the creation of a finished project. Activities include building a tower to retain a tennis ball and creating a safe car for your crash dummy. Boys and girls will love this hands-on camp!

Instructor: Kyle Badman
9 a.m. to 4 p.m. • \$315 • TUA

Experience the Magic! (Ages 10 to 14)

What could be more fun than learning magic? Spend the week having fun and learning how to do some amazing magic tricks. Campers will learn not only secrets, but also the importance of developing a presentation to go along with each trick. Learn how to generate ideas for stories and plot lines and discover how to tap into your own creativity. Campers will amaze their families and friends with their clever sleight-of-hand and have a chance to perform at the end of the week.

**Instructor: Richard "Baba"
Cahoone Professional magician
and clown**
9 a.m. to 4 p.m. • \$335 • TUA

Jedi Academy Camp (Ages 8 to 12)*

The Force is strong within you, but more training you require before a true Padawan you can become. Campers learn the way of the Jedi through games and team challenges. Discover the secrets of far-away galaxies, how to navigate the wilds of Naboo, how to detect and allude galactic forces, and make and properly handle your own lightsaber. Join us - the Rebel Alliance needs you!
Instructor: Staff, GeoVentures Inc.
9 a.m. to Noon. • \$185 • TUA

**Register for both camps (morning and afternoon) offered in partnership with GeoVentures and receive a \$10 discount, per camp. No additional discounts apply to this camp.*

Spy Training Camp (Ages 8 to 12)*

Are you the world's next Super Spy? After assuming your new secret identity and being debriefed, your spy training will begin and include becoming an expert in the art of disguise, code-breaking, surveillance, stealth and leaving no trace. As a team, learn to solve high-level crimes, navigate challenging obstacle courses and try to discover the double-agent. After training, you'll be ready to take on the world's worst bad guys.
Instructor: Staff, GeoVentures Inc.
1 to 4 p.m. • \$185 • TUA

**Register for both camps (morning and afternoon) offered in partnership with GeoVentures and receive a \$10 discount, per camp. No additional discounts apply to this camp.*

SUMMER CAMPS 2017

SAT/ACT Combo Prep Course

Do you plan to take the SAT and/or the ACT? Although test scores are just one piece of the college admissions puzzle, most students experience test anxiety when it comes to taking the SAT and ACT exams. Now's the time to combat this fear, take a deep breath and plan your strategy. The best way is through our SAT/ACT Combo course which includes 24 hours of classroom instruction to prepare for the SAT and ACT exams. Class sessions will include 8 hours of SAT/ACT Verbal, 8 hours of SAT Math and 8 hours of ACT Math. Our instructors will break down the tests into manageable pieces, help you to understand different question types and teach you time saving strategies to answer each type. You'll see how similar strategies are for taking both tests, and you'll discover where you're strong and where you need more work. Finally, learn tips and strategies to that text anxiety doesn't get the best of you!

6 Sat., July 8 to Aug 12
