Welcome to the OLLI at Temple Fall 2015 Semester.

We have had a successful 2014 – 2015 year at OLLI. As you know, we were selected by the Bernard Osher Foundation to receive an additional $1 million gift. We also had a very successful fundraising effort. For both the fall and spring semesters, we offered 100 courses, and for the summer, 50 courses. Our teaching staff continues to be outstanding and we are fortunate to have such dedicated instructors. Special thanks goes to the Curriculum Committee for making sure our classes are of the highest caliber.

An area of special interest to all of us - and particularly the Curriculum Committee - is to attract active or retired professors from Temple and other Philadelphia area universities to teach at OLLI. A problem we have discovered is that many of these individuals are not aware of OLLI at Temple and its mission as a lifelong learning institute. To a degree this is a result of our location at Temple University Center City rather than the Temple main campus.

One way other OLLIs throughout the country have gained attention from academic departments is to carry out collaborative research programs with them. What kind of collaborative research could we do? OLLI at Temple has 1,250 members, most of whom have learned how to live a life of productive aging. As it says in our catalog: “Courses are unique since they are designed to promote the joy of learning without the pressure of traditional academic requirements.” Thus researchers interested in the confluence of the aging process with intellectual and physical health could be interested in studying and collaborating with OLLI. Members could gain from this by better understanding productive aging and its influence on health.

OLLI member and instructor Marty Millison is the former Chair of the Department of Social Work at Temple University. When approached with this idea, Marty immediately jumped in and set up appointments with various faculty at Temple and the University of Pennsylvania. These faculty members have expressed interest and are currently thinking and formulating research programs involving OLLI. If these programs come to fruition, you will hear more about them. Marty deserves our appreciation for his efforts.

I wish everyone a successful fall semester at OLLI!

FROM THE DIRECTOR

Dear Prospective and Current Members,

Welcome to the fall semester 2015 and to a new year with OLLI!

OLLI at Temple continues to grow, but in a gradual and thoughtful way. As you may or may not know, we have had a longstanding policy of not requiring registration for most courses. This policy exists because our members like having the freedom to switch from one course to another throughout the semester. This flexibility is our trademark.

However, there are a handful of courses each semester that draw a larger attendance than we can accommodate. These popular classes can cause chaos for the staff, volunteers and instructors.

Thus, this semester we are testing out registration for a few of our more popular courses with the hope that this structure will calm some of the storm that surrounds these courses. Brace yourself. We hope it will work. If so, we can invite more people to participate in OLLI. Then we can continue towards our current trend of growth that helps to keep the program vital and stimulating.

A welcome to the new year would not be complete without acknowledgement of OLLI at Temple’s amazing volunteers. Our Curriculum Committee handles a large volume of incoming courses and does so with great expertise. Our Fundraising Committee brings in funds for new furniture and improved technology so that our classroom experience is enhanced. Our Special Events committee conducts wonderful social gatherings that keep us close and connected. Our Library keeps current with the latest and greatest novels and non-fiction. Our Trip Committee takes us on creative adventures throughout the year. Our Finance Committee keeps close track of our expenses and identifies discrepancies, helping us balance our books. Our Membership Committee contacts members when they are ill and wishes them quick recovery and welcomes our newest members every year. Our Newsletter Committee finds new and interesting subjects to educate us about every semester. Our Nominations Committee ensures that we are led by competent and thoughtful leaders. Our Public Relations Committee and its Classroom Monitors help manage the occasional internal disturbances that surround our most popular classes. And last but not least, our elected officers and council members, help steer OLLI to a strong future. We can’t thank these volunteers enough.

We look forward to serving you over this coming year.

With Warm Regards,

Adam Brunner, PhD
Director
An asterisk (*) after a course title means that this class may attract a large attendance and is accommodated on a first-come, first-serve basis. If this is the case for one of your courses, we suggest you arrive 30 minutes before it is scheduled to begin to be guaranteed a seat. Once the seats are full, we cannot allow any more people to enter because of the building fire code. This also means that you cannot bring in chairs from other rooms or sit on window sills. We thank you for your strict adherence to this necessary regulation.

After the catalog is published, schedule changes do occur. You will be notified by printed material and email of these changes. However, especially for those who do not have email, we recommend that you contact the OLLI office before the semester begins, to request course updates.

Because of the exorbitant cost associated with photocopying handouts for classes, OLLI is making an effort to transition to a paperless environment. This will not happen overnight. We strongly encourage members who do not currently use email to sign up for one of our beginning computer classes to learn how to send and receive emails. Think of all the paper we will save if we can send you the handouts by email and you can view them anytime you wish at your computer. If you do not have a computer or regular access to one, you will continue to receive handouts on paper. Thank you for your cooperation.
