Wednesdays	6PM-8PM	Mar. 13-27	Online, live via Zoom	\$249

DISCOVER DIGITAL PHOTOGRAPHY

This course is designed for the novice photographer with no previous experience with digital cameras. This course will teach you all about digital cameras, from DSLRs to smart phone cameras and what different equipment is used for. You will learn about different display methods for your camera, including sizing, print options, online storage, and how social media factors into digital photography. If you have old slides, negatives, or prints, this course will also teach you how to scan those "old school" photo assets. After completing the course, you will understand how the process of composing photos has changed with the evolving capabilities of digital photography.

DRAWING FOR THE ABSOLUTE BEGINNER

If you've always been interested in drawing but don't really know how to get started, then this is the course for you. Gain a solid foundation and understanding of the basics of drawing and become the artist you've always dreamed you could be! You'll become intimately familiar with paper types, drawing styles, rendering techniques, and the basic principles of perspective, layout, design, lighting, volume, and space. If you have an interest in learning what it's like to draw or would love to increase your current knowledge in the field of art and illustrating, then this course aims to fulfill all of your needs.

BEGINNING WRITER'S WORKSHOP

Some of the best works of fiction and nonfiction were crafted in a writer's workshop. This online course will help you write your own creative piece. Like a true writing workshop, you will learn literary techniques, peer review a classmate's work, and receive constructive criticism on your work. In addition, you will learn how to move your work from the prewriting stage to editing and final revision. You will also learn how to use literary devices, meaningful dialogue, and imagery in your different drafts. By the end of this online workshop, you will have a thoroughly developed creative writing piece. You might even be ready for publication!

STRENGTHS-BASED COACHING

Taught by Ramon Rios

We all have talents—naturally recurring patterns of thought, feeling, or behavior, which we can apply productively. How do we turn those talents into strengths and use them to achieve near-perfect performance wherever we can? For this session, you'll take Gallup's CliftonStrengths assessment to identify your top strengths, before working through activities and discussion questions that will showcase how you use these themes in your work and help you set goals to use your strengths as intentionally as possible.

DAY(S)	TIME	DATES	LOCATION	COST
Monday	6PM-8PM	Apr. 8	Online via Zoom	\$80*

*Stand-alone course price is \$80, including the cost of the Gallup CliftonStrengths Top Five assessment; the course is also taken as part of full certificate programs costing \$995

FINAL PORTFOLIO WORKSHOP

Taught by Ramon Rios and Alyssia Sims

Participants in our non-credit certificate programs complete final portfolios that showcase their new skills and apply them to whatever projects they're working on. This workshop session is designed to help you make sure you're meeting the final portfolio criteria. You'll participate in peer-review processes, get feedback and fresh perspectives, and come away with everything you need to submit your final portfolio.

DAY(S)	TIME	DATES	LOCATION	COST
Monday	6PM-8PM	Apr. 15	Online via Zoom	95**

**This course is only offered as part of full certificate programs.

"The Gallup assessment and workshop were phenomenal. I learned so much about myself and how to leverage my strengths. The workshop was engaging, reflective, and encouraging. Highly recommend!"
